

My name is Marie Desaulniers

My testimony is on behalf of Sister Mary Gorman, SNJM for the following reasons:

Sister Mary Gorman was the director of St. Mary's Academy from 1989-1995. I had the privilege of teaching French while she was the director. She was a fantastic director. The school was definitely in good hands under her direction. She was very wise, intelligent and had a good sense of humor. Since her retirement, she has been working in the archives at St. Mary's Academy. I am still teaching here. She has become my "prayer pal" for the last few years. A "prayer pal" is a SNJM who is linked up with a homeroom at the school and promises to pray for the class throughout the year. Sr. Mary Gorman is a prayer warrior. Her prayers for the students and for my own family have been answered on many occasions. She is very kind, loving, generous, intelligent, faithful, calm and wise. She remembers the students at every special holiday and feast days associated with Blessed Mother Marie Rose, the mother foundress of the SNJM's. In turn, every class that I have throughout the day starts the class with a prayer for Sr. Mary Gorman. She is a beautiful part of my life and I am truly grateful for her prayers and for her example to the students and myself.
